## Hurricane Prep Checklist

### BEFORE STORM:

- Put up shutters
- Shut off water supply and run faucets to release pressure to avoid any damage during the storm.
- Shut off breaker to hot water heater
- Bring outdoor furniture, potted plants, additional vehicles (Gulf Carts, Bikes, etc.) indoors.
- Run generator if needed.
- Make sure all doors and windows are secured
- Remove any perishable foods from refrigerator and freezer (assume no power for weeks just in case)

### WE INSPECT FOR ANY DAMAGES PRIOR TO STORM

### AFTER STORM: (Assuming no damage)

- Bring outdoor furniture back outside.
- Remove shutters.
- Run generator if needed.
- Arrange for property clean up if needed.

### WE INSPECT FOR ANY DAMAGES POST STORM
